

**Survey**

# Graduates' Professional Careers Monitoring

**8**<sup>th</sup> EDITION

**WUT**

*Dear Graduate,*

For the eighth time the Warsaw University of Technology conducts the survey *Graduates' Professional Careers Monitoring*.

In order to improve the quality of education at our University and to develop optimal support programs for our current and future students, we want you to give us your opinion about completed studies and to obtain information about the situation of graduates on the labour market.

There are two possibilities to participate:

1. While you will be submitting your documents, ask at the Deanery Office about the form where you will leave your e-mail address.
2. During the registration process on [www.bk.pw.edu.pl](http://www.bk.pw.edu.pl) by giving proper consent. The link leading to the on-line survey will be sent during the spring to the given e-mail address.

From the previous survey we found out that 40% of graduates weren't looking for a job because the job was offered to them.

57,7% of graduates work for international enterprises, most of them for big companies.

**Thanks to the survey you will get a chance to compare with other graduates from the University.**

Results of previous editions are available on Careers Service website: [www.bk.pw.edu.pl/pakiet-dla-absolwentow](http://www.bk.pw.edu.pl/pakiet-dla-absolwentow)
